

COVID 19 PROTOCOLS

The following protocols align with guidelines and orders from the BC Provincial Health Officer at the time this premium list was drafted . Please review these to ensure that you will be able to abide by them before entering the event:

- An online Covid 19 screening questionnaire will be made available ahead of time to all handlers to be completed before they are allowed down at the field. Anyone who identifies as having symptoms, been out of the country within 14 days, attended a large gathering, testing positive or having been in proximity with someone testing positive will be given a refund and will not be allowed to attend the event.
- Handlers will receive a refund of entry fees if this event is cancelled due to changes to BC Provincial Health Officers orders or guidelines in effect closer to the event.
- Everyone arriving at the event will check in by the barn before proceeding to the field. Anyone who has not completed a Covid screening questionnaire will be questioned prior to being allowed down to the field.
- Handlers will be instructed when they may drive down to the field.
- Teams will run in flights of 10 during specific blocks of time. Handlers will run their dogs once for each test entered and leave unless they're in another flight or volunteering. Handlers will be provided with running orders ahead of time. There will be a 30 minute gap between flights to allow for the exchange of vehicles.
- Spectators, other than those coming with handlers to help catch or release dogs will not be allowed.
- Cars will be spaced out in the parking area near the field.
- Social distancing of at least 6' between people not traveling in the same vehicle will be required and enforced. Handlers will not approach volunteers (e.g. timers, photographer, huntmaster, paddock master)
- Handlers of dogs that need to be measured must wear a mask. An agility height card will be acceptable in lieu of measuring.
- Handlers will check their own bitches for being in season and show the tissue to the inspection team.
- Day of results will not be available. Results will be calculated after the event and distributed to all handlers online.
- A portable toilet with a hand washing station will be available. Handlers are encouraged to bring their own hand sanitizers.
- There will be no day-of entries.
- Ribbons will be handed out after each flight using gloves.

Anyone disobeying the rules must leave and will not receive a refund.

Play safe, stay safe!
